

## GREAT LAKES RESTORATION INITIATIVE ACT OF 2019

NOVEMBER 13, 2019.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. DEFAZIO, from the Committee on Transportation and Infrastructure, submitted the following

## R E P O R T

[To accompany H.R. 4031]

[Including cost estimate of the Congressional Budget Office]

The Committee on Transportation and Infrastructure, to whom was referred the bill (H.R. 4031) to amend the Federal Water Pollution Control Act to reauthorize the Great Lakes Restoration Initiative, and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

## PURPOSE OF LEGISLATION

The purpose of H.R. 4031 is to amend section 118 of the Federal Water Pollution Control Act (the Clean Water Act) to reauthorize

the Great Lakes Restoration Initiative (GLRI) within the Environmental Protection Agency (EPA) for fiscal years 2022–2026.

#### BACKGROUND AND NEED FOR LEGISLATION

The Great Lakes Basin is home to more than 30 million people in the United States and Canada. The Basin reaches seven states, plus the entirety of Michigan and a portion of Ontario, Canada. The Great Lakes are the largest freshwater system in the world, holding about 21 percent of the world's fresh water supply to provide drinking water as well as recreation and economic opportunity.

Agriculture, industrialization, and development have all impacted the Great Lakes ecosystem. The Great Lakes are particularly vulnerable to contamination because outflow rates from most of the Lakes are very slow, retaining the same water for years, sometimes decades, and in the case of Lake Superior, a century. As a result, some pollutants that reach the Basin settle into the sediments at the bottom of the Lakes.

Human activities have also significantly impacted the ecosystem by way of non-indigenous species and excessive nutrients. These threaten massive ecological and economic damage. One such event of excessive nutrient runoff caused a harmful algal bloom in 2014, which required the City of Toledo, Ohio, to implement a drinking water ban that affected 500,000 people. While efforts have been made to address these problems, there remain serious concerns in numerous areas.

In response to the exacerbation of issues in the Basin, in 2010, Congress amended existing authorities under section 118 of the Clean Water Act to establish a coordinated Federal effort—the Great Lakes Restoration Initiative (GLRI)—to provide resources toward meeting the long-term goals for the Great Lakes ecosystem. The GLRI is overseen by the Great Lakes Interagency Task Force—established by Executive Order 13340 (69 Fed. Reg. 29043) and chaired by the Administrator of EPA. Agencies involved in the Task Force use agency funds or EPA funds to carry out projects or otherwise award grants or contracts to state, local, or tribal government entities, nongovernmental organizations, academic institutions, or other entities.

The GLRI Action Plan for the past five years has been focused on making improvements in: toxic substances; invasive species, nearshore health and nonpoint source pollution; habitat and wildlife protection and restoration; and accountability, monitoring, evaluation, public involvement, and partnerships. Each focus area has specific objectives, commitments, and measures of progress. These include long-term strategies for restoration and future prevention, but environmental and public health issues continue to persist in the Great Lakes Basin today.

In 2016, Congress reauthorized section 118 of the Clean Water Act through fiscal year 2021 (P.L. 114–322). Section 118 was most recently authorized at \$300 million per year. Federally authorized funding for this program expires at the end of fiscal year 2021.

## HEARINGS

For the purposes of section 103(i) of H. Res. 6 of the 116th Congress, the following hearing was used to develop or consider H.R. 4031:

On June 25, 2019, the Subcommittee on Water Resources and Environment held a hearing, entitled “Protecting and Restoring America’s Iconic Waters.” The Subcommittee received testimony from: Preston D. Cole, Secretary, Wisconsin Department of Natural Resources; Dave Pine, Supervisor, District 1, San Mateo County Board of Supervisors, Chair of the San Francisco Bay Restoration Authority Governing Board; Laura Blackmore, Executive Director, Puget Sound Partnership; William C. Baker, President, Chesapeake Bay Foundation; Kristi Trail, Executive Director, Lake Pontchartrain Basin Foundation; and Tom Ford, Director, Santa Monica Bay National Estuary Program, The Bay Foundation. Topics discussed included the importance of renewing the Federal commitment to restore and maintain the ecological health and water quality of the Great Lakes through reauthorization of Federal appropriations for the Great Lakes Restoration Initiative.

## LEGISLATIVE HISTORY AND CONSIDERATION

H.R. 4031 was introduced in the House on July 25, 2019, by Mr. Joyce of Ohio and 39 original cosponsors and referred to the Committee on Transportation and Infrastructure. Within the Committee, H.R. 4031 was referred to the Subcommittee on Water Resources and Environment.

The Chair discharged the Subcommittee on Water Resources and Environment from further consideration of H.R. 4031 on September 19, 2019.

The Committee met in open session to consider H.R. 4031 on September 19, 2019 and ordered the measure to be reported to the House with a favorable recommendation, without amendment, by voice vote, a quorum being present.

## COMMITTEE VOTES

Clause 3(b) of rule XIII of the Rules of the House of Representatives requires each committee report to include the total number of votes cast for and against on each record vote on a motion to report and on any amendment offered to the measure or matter, and the names of those members voting for and against.

There were no recorded votes taken in connection with consideration of H.R. 4031.

## COMMITTEE OVERSIGHT FINDINGS

With respect to the requirements of clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee’s oversight findings and recommendations are reflected in this report.

## NEW BUDGET AUTHORITY AND TAX EXPENDITURES

Clause 3(c)(2) of rule XIII of the Rules of the House of Representatives does not apply where a cost estimate and comparison prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974 has been timely

submitted prior to the filing of the report and is included in the report. Such a cost estimate is included in this report.

#### CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

With respect to the requirement of clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the Congressional Budget Act of 1974, the Committee has received the enclosed cost estimate for H.R. 4031 from the Director of the Congressional Budget Office:

U.S. CONGRESS,  
CONGRESSIONAL BUDGET OFFICE,  
*Washington, DC, October 2, 2019.*

Hon. PETER A. DEFAZIO,  
*Chairman, Committee on Transportation and Infrastructure,  
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 4031, the Great Lakes Restoration Initiative Act of 2019.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Stephen Rabent.

Sincerely,

MARK P. HADLEY  
(For Phillip L. Swagel, Director).

Enclosure.

<b>H.R. 4031, Great Lakes Restoration Initiative Act of 2019</b>			
As ordered reported by the House Committee on Transportation and Infrastructure on September 20, 2019			
By Fiscal Year, Millions of Dollars	2020	2020-2024	2020-2029
<b>Direct Spending (Outlays)</b>	<b>0</b>	<b>0</b>	<b>0</b>
<b>Revenues</b>	<b>0</b>	<b>0</b>	<b>0</b>
<b>Increase or Decrease (-) in the Deficit</b>	<b>0</b>	<b>0</b>	<b>0</b>
<b>Spending Subject to Appropriation (Outlays)</b>	<b>0</b>	<b>973</b>	<b>2,125</b>
Statutory pay-as-you-go procedures apply?	No	<b>Mandate Effects</b>	
Increases on-budget deficits in any of the four consecutive 10-year periods beginning in 2030?	No	Contains intergovernmental mandate?	No
		Contains private-sector mandate?	No

H.R. 4031 would authorize appropriations totaling \$2,125 billion over the 2022–2026 period for the Great Lakes Restoration Initiative. That initiative, led by the Environmental Protection Agency, provides funding to state, local, and tribal governments, institutions of higher learning, and nonprofit organizations to support programs and projects to protect and restore the Great Lakes. Currently, \$300 million is authorized to be appropriated for the program in 2020 and 2021 and the Congress appropriated \$300 million in 2019 for that purpose.

Assuming appropriation of the specified amounts and based on historical spending patterns, CBO estimates that implementing the

bill would cost \$973 million over the 2022–2024 period). The cost of the legislation, detailed in Table 1, falls within budget function 300 (natural resources and environment).

TABLE 1.—ESTIMATED BUDGETARY EFFECTS OF H.R. 4031

	By fiscal year, millions of dollars—											
	2020	2021	2022	2023	2024	2025	2026	2027	2028	2029	2020–2024	2020–2029
Increases in Spending Subject to Appropriation												
Estimated Budget Authority .....	0	0	375	400	425	450	475	0	0	0	1,200	2,125
Estimated Outlays .....	0	0	244	335	394	436	461	161	70	24	973	2,125

CBO staff contact for this estimate is Stephen Rabent. The estimate was reviewed by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

#### PERFORMANCE GOALS AND OBJECTIVES

With respect to the requirement of clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, the performance goal and objective of this legislation is to provide the reauthorization of Federal appropriations for EPA's Great Lakes Restoration Initiative for fiscal years 2022–2026.

#### DUPLICATION OF FEDERAL PROGRAMS

Pursuant to clause 3(c)(5) of rule XIII of the Rules of the House of Representatives, the Committee finds that no provision of H.R. 4031 establishes or reauthorizes a program of the federal government known to be duplicative of another federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111–139, or a program related to a program identified in the most recent Catalog of Federal Domestic Assistance.

#### CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, AND LIMITED TARIFF BENEFITS

In compliance with clause 9 of rule XXI of the Rules of the House of Representatives, this bill, as reported, contains no congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(e), 9(f), or 9(g) of the rule XXI.

#### FEDERAL MANDATES STATEMENT

The Committee adopts as its own the estimate of federal mandates prepared by the Director of the Congressional Budget Office pursuant to section 423 of the Unfunded Mandates Reform Act (Public Law 104–4).

#### PREEMPTION CLARIFICATION

Section 423 of the Congressional Budget Act of 1974 requires the report of any Committee on a bill or joint resolution to include a statement on the extent to which the bill or joint resolution is intended to preempt state, local, or tribal law. The Committee finds that H.R. 4031 does not preempt any state, local, or tribal law.

#### ADVISORY COMMITTEE STATEMENT

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act were created by this legislation.

#### APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that the legislation does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act (Public Law 104–1).

#### SECTION-BY-SECTION ANALYSIS OF THE LEGISLATION

##### *Sec. 1. Short title*

This section provides that this bill be cited as the “Great Lakes Restoration Initiative Act of 2019”.

##### *Sec. 2. Great Lakes Restoration Initiative reauthorization*

This section authorizes a total of \$2.125 billion in Federal appropriations for the program over the period of 2022–2026. Annually, this includes \$375 million for fiscal year 2022; \$400 million for fiscal year 2023; \$425 million for fiscal year 2024; \$450 million for fiscal year 2025; and \$475 million for fiscal year 2026.

#### CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italic, and existing law in which no change is proposed is shown in roman):

#### **FEDERAL WATER POLLUTION CONTROL ACT**

\* \* \* \* \*

#### TITLE I—RESEARCH AND RELATED PROGRAMS

\* \* \* \* \*

##### **SEC. 118. GREAT LAKES.**

###### (a) FINDINGS, PURPOSE, AND DEFINITIONS.—

###### (1) FINDINGS.—The Congress finds that—

(A) the Great Lakes are a valuable national resource, continuously serving the people of the United States and other nations as an important source of food, fresh water, recreation, beauty, and enjoyment;

(B) the United States should seek to attain the goals embodied in the Great Lakes Water Quality Agreement of 1978, as amended by the Water Quality Agreement of 1987 and any other agreements and amendments, with particular emphasis on goals related to toxic pollutants; and

(C) the Environmental Protection Agency should take the lead in the effort to meet those goals, working with other Federal agencies and State and local authorities.

(2) PURPOSE.—It is the purpose of this section to achieve the goals embodied in the Great Lakes Water Quality Agreement of 1978, as amended by the Water Quality Agreement of 1987 and any other agreements and amendments, through improved organization and definition of mission on the part of the Agency, funding of State grants for pollution control in the Great Lakes area, and improved accountability for implementation of such agreement.

(3) DEFINITIONS.—For purposes of this section, the term—

(A) “Agency” means the Environmental Protection Agency;

(B) “Great Lakes” means Lake Ontario, Lake Erie, Lake Huron (including Lake St. Clair), Lake Michigan, and Lake Superior, and the connecting channels (Saint Mary’s River, Saint Clair River, Detroit River, Niagara River, and Saint Lawrence River to the Canadian Border);

(C) “Great Lakes System” means all the streams, rivers, lakes, and other bodies of water within the drainage basin of the Great Lakes;

(D) “Program Office” means the Great Lakes National Program Office established by this section;

(E) “Research Office” means the Great Lakes Research Office established by subsection (d);

(F) “area of concern” means a geographic area located within the Great Lakes, in which beneficial uses are impaired and which has been officially designated as such under Annex 2 of the Great Lakes Water Quality Agreement;

(G) “Great Lakes States” means the States of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin;

(H) “Great Lakes Water Quality Agreement” means the bilateral agreement, between the United States and Canada which was signed in 1978 and amended by the Protocol of 1987;

(I) “Lakewide Management Plan” means a written document which embodies a systematic and comprehensive ecosystem approach to restoring and protecting the beneficial uses of the open waters of each of the Great Lakes, in accordance with article VI and Annex 2 of the Great Lakes Water Quality Agreement;

(J) “Remedial Action Plan” means a written document which embodies a systematic and comprehensive ecosystem approach to restoring and protecting the beneficial uses of areas of concern, in accordance with article VI and Annex 2 of the Great Lakes Water Quality Agreement;

(K) “site characterization” means a process for monitoring and evaluating the nature and extent of sediment contamination in accordance with the Environmental Protection Agency’s guidance for the assessment of contaminated sediment in an area of concern located wholly or partially within the United States; and

(L) “potentially responsible party” means an individual or entity that may be liable under any Federal or State au-

thority that is being used or may be used to facilitate the cleanup and protection of the Great Lakes.

(b) GREAT LAKES NATIONAL PROGRAM OFFICE.—The Great Lakes National Program Office (previously established by the Administrator) is hereby established within the Agency. The Program Office shall be headed by a Director who, by reason of management experience and technical expertise relating to the Great Lakes, is highly qualified to direct the development of programs and plans on a variety of Great Lakes issues. The Great Lakes National Program Office shall be located in a Great Lakes State.

(c) GREAT LAKES MANAGEMENT.—

(1) FUNCTIONS.—The Program Office shall—

(A) in cooperation with appropriate Federal, State, tribal, and international agencies, and in accordance with section 101(e) of this Act, develop and implement specific action plans to carry out the responsibilities of the United States under the Great Lakes Water Quality Agreement of 1978, as amended by the Water Quality Agreement of 1987 and any other agreements and amendments; ;

(B) establish a Great Lakes system-wide surveillance network to monitor the water quality of the Great Lakes, with specific emphasis on the monitoring of toxic pollutants;

(C) serve as the liaison with, and provide information to, the Canadian members of the International Joint Commission and the Canadian counterpart to the Agency;

(D) coordinate actions of the Agency (including actions by headquarters and regional offices thereof) aimed at improving Great Lakes water quality; and

(E) coordinate actions of the Agency with the actions of other Federal agencies and State and local authorities, so as to ensure the input of those agencies and authorities in developing water quality strategies and obtain the support of those agencies and authorities in achieving the objectives of such agreement.

(2) GREAT LAKES WATER QUALITY GUIDANCE.—

(A) By June 30, 1991, the Administrator, after consultation with the Program Office, shall publish in the Federal Register for public notice and comment proposed water quality guidance for the Great Lakes System. Such guidance shall conform with the objectives and provisions of the Great Lakes Water Quality Agreement, shall be no less restrictive than the provisions of this Act and national water quality criteria and guidance, shall specify numerical limits on pollutants in ambient Great Lakes waters to protect human health, aquatic life, and wildlife, and shall provide guidance to the Great Lakes States on minimum water quality standards, antidegradation policies, and implementation procedures for the Great Lakes System.

(B) By June 30, 1992, the Administrator, in consultation with the Program Office, shall publish in the Federal Register, pursuant to this section and the Administrator's authority under this chapter, final water quality guidance for the Great Lakes System.

(C) Within two years after such Great Lakes guidance is published, the Great Lakes States shall adopt water quality standards, antidegradation policies, and implementation procedures for waters within the Great Lakes System which are consistent with such guidance. If a Great Lakes State fails to adopt such standards, policies, and procedures, the Administrator shall promulgate them not later than the end of such two-year period. When reviewing any Great Lakes State's water quality plan, the agency shall consider the extent to which the State has complied with the Great Lakes guidance issued pursuant to this section.

(3) REMEDIAL ACTION PLANS.—

(A) For each area of concern for which the United States has agreed to draft a Remedial Action Plan, the Program Office shall ensure that the Great Lakes State in which such area of concern is located—

- (i) submits a Remedial Action Plan to the Program Office by June 30, 1991;
- (ii) submits such Remedial Action Plan to the International Joint Commission by January 1, 1992; and
- (iii) includes such Remedial Action Plans within the State's water quality plan by January 1, 1993.

(B) For each area of concern for which Canada has agreed to draft a Remedial Action Plan, the Program Office shall, pursuant to subparagraph (c)(1)(C) of this section, work with Canada to assure the submission of such Remedial Action Plans to the International Joint Commission by June 30, 1991, and to finalize such Remedial Action Plans by January 1, 1993.

(C) For any area of concern designated as such subsequent to the enactment of this Act, the Program Office shall (i) if the United States has agreed to draft the Remedial Action Plan, ensure that the Great Lakes State in which such area of concern is located submits such Plan to the Program Office within two years of the area's designation, submits it to the International Joint Commission no later than six months after submitting it to the Program Office, and includes such Plan in the State's water quality plan no later than one year after submitting it to the Commission; and (ii) if Canada has agreed to draft the Remedial Action Plan, work with Canada, pursuant to subparagraph (c)(1)(C) of this section, to ensure the submission of such Plan to the International Joint Commission within two years of the area's designation and the finalization of such Plan no later than eighteen months after submitting it to such Commission.

(D) The Program Office shall compile formal comments on individual Remedial Action Plans made by the International Joint Commission pursuant to section 4(d) of Annex 2 of the Great Lakes Water Quality Agreement and, upon request by a member of the public, shall make such comments available for inspection and copying. The Program Office shall also make available, upon request, formal comments made by the Environmental Protection Agency on individual Remedial Action Plans.

(E) REPORT.—Not later than 1 year after the date of enactment of this subparagraph, the Administrator shall submit to Congress a report on such actions, time periods, and resources as are necessary to fulfill the duties of the Agency relating to oversight of Remedial Action Plans under—

- (i) this paragraph; and
- (ii) the Great Lakes Water Quality Agreement.

(4) LAKEWIDE MANAGEMENT PLANS.—The Administrator, in consultation with the Program Office shall—

(A) by January 1, 1992, publish in the Federal Register a proposed Lakewide Management Plan for Lake Michigan and solicit public comments;

(B) by January 1, 1993, submit a proposed Lakewide Management Plan for Lake Michigan to the International Joint Commission for review; and

(C) by January 1, 1994, publish in the Federal Register a final Lakewide Management Plan for Lake Michigan and begin implementation.

Nothing in this subparagraph shall preclude the simultaneous development of Lakewide Management Plans for the other Great Lakes.

(5) SPILLS OF OIL AND HAZARDOUS MATERIALS.—The Program Office, in consultation with the Coast Guard, shall identify areas within the Great Lakes which are likely to experience numerous or voluminous spills of oil or other hazardous materials from land based facilities, vessels, or other sources and, in consultation with the Great Lakes States, shall identify weaknesses in Federal and State programs and systems to prevent and respond to such spills. This information shall be included on at least a biennial basis in the report required by this section.

(6) 5-YEAR PLAN AND PROGRAM.—The Program Office shall develop, in consultation with the States, a five-year plan and program for reducing the amount of nutrients introduced into the Great Lakes. Such program shall incorporate any management program for reducing nutrient runoff from nonpoint sources established under section 319 of this Act and shall include a program for monitoring nutrient runoff into, and ambient levels in, the Great Lakes.

(7) GREAT LAKES RESTORATION INITIATIVE.—

(A) ESTABLISHMENT.—There is established in the Agency a Great Lakes Restoration Initiative (referred to in this paragraph as the “Initiative”) to carry out programs and projects for Great Lakes protection and restoration.

(B) FOCUS AREAS.—In carrying out the Initiative, the Administrator shall prioritize programs and projects, to be carried out in coordination with non-Federal partners, that address the priority areas described in the Initiative Action Plan, including—

- (i) the remediation of toxic substances and areas of concern;
- (ii) the prevention and control of invasive species and the impacts of invasive species;

(iii) the protection and restoration of nearshore health and the prevention and mitigation of nonpoint source pollution;

(iv) habitat and wildlife protection and restoration, including wetlands restoration and preservation; and

(v) accountability, monitoring, evaluation, communication, and partnership activities.

(C) PROJECTS.—

(i) IN GENERAL.—In carrying out the Initiative, the Administrator shall collaborate with other Federal partners, including the Great Lakes Interagency Task Force established by Executive Order No. 13340 (69 Fed. Reg. 29043), to select the best combination of programs and projects for Great Lakes protection and restoration using appropriate principles and criteria, including whether a program or project provides—

(I) the ability to achieve strategic and measurable environmental outcomes that implement the Initiative Action Plan and the Great Lakes Water Quality Agreement;

(II) the feasibility of—

(aa) prompt implementation;

(bb) timely achievement of results; and

(cc) resource leveraging; and

(III) the opportunity to improve interagency, intergovernmental, and interorganizational coordination and collaboration to reduce duplication and streamline efforts.

(ii) OUTREACH.—In selecting the best combination of programs and projects for Great Lakes protection and restoration under clause (i), the Administrator shall consult with the Great Lakes States and Indian tribes and solicit input from other non-Federal stakeholders.

(iii) HARMFUL ALGAL BLOOM COORDINATOR.—The Administrator shall designate a point person from an appropriate Federal partner to coordinate, with Federal partners and Great Lakes States, Indian tribes, and other non-Federal stakeholders, projects and activities under the Initiative involving harmful algal blooms in the Great Lakes.

(D) IMPLEMENTATION OF PROJECTS.—

(i) IN GENERAL.—Subject to subparagraph (J)(ii), funds made available to carry out the Initiative shall be used to strategically implement—

(I) Federal projects;

(II) projects carried out in coordination with States, Indian tribes, municipalities, institutions of higher education, and other organizations; and

(III) operations and activities of the Program Office, including remediation of sediment contamination in areas of concern.

(ii) TRANSFER OF FUNDS.—With amounts made available for the Initiative each fiscal year, the Administrator may—

(I) transfer not more than the total amount appropriated under subparagraph (J)(i) for the fiscal year to the head of any Federal department or agency, with the concurrence of the department or agency head, to carry out activities to support the Initiative and the Great Lakes Water Quality Agreement; and

(II) enter into an interagency agreement with the head of any Federal department or agency to carry out activities described in subclause (I).

(iii) AGREEMENTS WITH NON-FEDERAL ENTITIES.—

(I) IN GENERAL.—The Administrator, or the head of any other Federal department or agency receiving funds under clause (ii)(I), may make a grant to, or otherwise enter into an agreement with, a qualified non-Federal entity, as determined by the Administrator or the applicable head of the other Federal department or agency receiving funds, for planning, research, monitoring, outreach, or implementation of a project selected under subparagraph (C), to support the Initiative Action Plan or the Great Lakes Water Quality Agreement.

(II) QUALIFIED NON-FEDERAL ENTITY.—For purposes of this clause, a qualified non-Federal entity may include a governmental entity, nonprofit organization, institution, or individual.

(E) SCOPE.—

(i) IN GENERAL.—Projects may be carried out under the Initiative on multiple levels, including—

- (I) locally;
- (II) Great Lakes-wide; or
- (III) Great Lakes basin-wide.

(ii) LIMITATION.—No funds made available to carry out the Initiative may be used for any water infrastructure activity (other than a green infrastructure project that improves habitat and other ecosystem functions in the Great Lakes) for which financial assistance is received—

(I) from a State water pollution control revolving fund established under title VI;

(II) from a State drinking water revolving loan fund established under section 1452 of the Safe Drinking Water Act (42 U.S.C. 300j–12); or

(III) pursuant to the Water Infrastructure Finance and Innovation Act of 2014 (33 U.S.C. 3901 et seq.).

(F) ACTIVITIES BY OTHER FEDERAL AGENCIES.—Each relevant Federal department or agency shall, to the maximum extent practicable—

(i) maintain the base level of funding for the Great Lakes activities of that department or agency without regard to funding under the Initiative; and

(ii) identify new activities and projects to support the environmental goals of the Initiative.

## (G) REVISION OF INITIATIVE ACTION PLAN.—

(i) IN GENERAL.—Not less often than once every 5 years, the Administrator, in conjunction with the Great Lakes Interagency Task Force, shall review, and revise as appropriate, the Initiative Action Plan to guide the activities of the Initiative in addressing the restoration and protection of the Great Lakes system.

(ii) OUTREACH.—In reviewing and revising the Initiative Action Plan under clause (i), the Administrator shall consult with the Great Lakes States and Indian tribes and solicit input from other non-Federal stakeholders.

## (H) MONITORING AND REPORTING.—The Administrator shall—

(i) establish and maintain a process for monitoring and periodically reporting to the public on the progress made in implementing the Initiative Action Plan;

(ii) make information about each project carried out under the Initiative Action Plan available on a public website; and

(iii) provide to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate a yearly detailed description of the progress of the Initiative and amounts transferred to participating Federal departments and agencies under subparagraph (D)(ii).

(I) INITIATIVE ACTION PLAN DEFINED.—In this paragraph, the term “Initiative Action Plan” means the comprehensive, multiyear action plan for the restoration of the Great Lakes, first developed pursuant to the Joint Explanatory Statement of the Conference Report accompanying the Department of the Interior, Environment, and Related Agencies Appropriations Act, 2010 (Public Law 111–88).

## (J) FUNDING.—

(i) IN GENERAL.—There ~~is authorized~~ are authorized to be appropriated to carry out ~~this paragraph \$300,000,000~~ this paragraph—

(I) \$300,000,000 for each of fiscal years 2017 through 2021~~1~~;

(II) \$375,000,000 for fiscal year 2022;

(III) \$400,000,000 for fiscal year 2023;

(IV) \$425,000,000 for fiscal year 2024;

(V) \$450,000,000 for fiscal year 2025; and

(VI) \$475,000,000 for fiscal year 2026.

(ii) LIMITATION.—Nothing in this paragraph creates, expands, or amends the authority of the Administrator to implement programs or projects under—

(I) this section;

(II) the Initiative Action Plan; or

(III) the Great Lakes Water Quality Agreement.

(8) ADMINISTRATOR’S RESPONSIBILITY.—The Administrator shall ensure that the Program Office enters into agreements with the various organizational elements of the Agency in-

volved in Great Lakes activities and the appropriate State agencies specifically delineating—

- (A) the duties and responsibilities of each such element in the Agency with respect to the Great Lakes;
- (B) the time periods for carrying out such duties and responsibilities; and
- (C) the resources to be committed to such duties and responsibilities.

(9) BUDGET ITEM.—The Administrator shall, in the Agency's annual budget submission to Congress, include a funding request for the Program Office as a separate budget line item.

(10) CONFINED DISPOSAL FACILITIES.—(A) The Administrator, in consultation with the Assistant Secretary of the Army for Civil Works, shall develop and implement, within one year of the date of enactment of this paragraph, management plans for every Great Lakes confined disposal facility.

(B) The plan shall provide for monitoring of such facilities, including—

- (i) water quality at the site and in the area of the site;
- (ii) sediment quality at the site and in the area of the site;
- (iii) the diversity, productivity, and stability of aquatic organisms at the site and in the area of the site; and
- (iv) such other conditions as the Administrator deems appropriate.

(C) The plan shall identify the anticipated use and management of the site over the following twenty-year period including the expected termination of dumping at the site, the anticipated need for site management, including pollution control, following the termination of the use of the site.

(D) The plan shall identify a schedule for review and revision of the plan which shall not be less frequent than five years after adoption of the plan and every five years thereafter.

(11) REMEDIATION OF SEDIMENT CONTAMINATION IN AREAS OF CONCERN.—

(A) IN GENERAL.—In accordance with this paragraph, the Administrator, acting through the Program Office, may carry out projects that meet the requirements of subparagraph (B).

(B) ELIGIBLE PROJECTS.—A project meets the requirements of this subparagraph if the project is to be carried out in an area of concern located wholly or partially in the United States and the project—

- (i) monitors or evaluates contaminated sediment;
- (ii) subject to subparagraph (D), implements a plan to remediate contaminated sediment, including activities to restore aquatic habitat that are carried out in conjunction with a project for the remediation of contaminated sediment; or
- (iii) prevents further or renewed contamination of sediment.

(C) PRIORITY.—In selecting projects to carry out under this paragraph, the Administrator shall give priority to a project that—

- (i) constitutes remedial action for contaminated sediment;
- (ii)(I) has been identified in a Remedial Action Plan submitted under paragraph (3); and
  - (II) is ready to be implemented;
  - (iii) will use an innovative approach, technology, or technique that may provide greater environmental benefits, or equivalent environmental benefits at a reduced cost; or
  - (iv) includes remediation to be commenced not later than 1 year after the date of receipt of funds for the project.

(D) LIMITATIONS.—The Administrator may not carry out a project under this paragraph for remediation of contaminated sediments located in an area of concern—

- (i) if an evaluation of remedial alternatives for the area of concern has not been conducted, including a review of the short-term and long-term effects of the alternatives on human health and the environment;
- (ii) if the Administrator determines that the area of concern is likely to suffer significant further or renewed contamination from existing sources of pollutants causing sediment contamination following completion of the project;
- (iii) unless each non-Federal sponsor for the project has entered into a written project agreement with the Administrator under which the party agrees to carry out its responsibilities and requirements for the project; or
- (iv) unless the Administrator provides assurance that the Agency has conducted a reasonable inquiry to identify potentially responsible parties connected with the site.

(E) NON-FEDERAL SHARE.—

(i) IN GENERAL.—The non-Federal share of the cost of a project carried out under this paragraph shall be at least 35 percent.

(ii) IN-KIND CONTRIBUTIONS.—

(I) IN GENERAL.—The non-Federal share of the cost of a project carried out under this paragraph may include the value of an in-kind contribution provided by a non-Federal sponsor.

(II) CREDIT.—A project agreement described in subparagraph (D)(iii) may provide, with respect to a project, that the Administrator shall credit toward the non-Federal share of the cost of the project the value of an in-kind contribution made by the non-Federal sponsor, if the Administrator determines that the material or service provided as the in-kind contribution is integral to the project.

(III) WORK PERFORMED BEFORE PROJECT AGREEMENT.—In any case in which a non-Federal sponsor is to receive credit under subclause (II) for the cost of work carried out by the non-Federal spon-

sor and such work has not been carried out by the non-Federal sponsor as of the date of enactment of this subclause, the Administrator and the non-Federal sponsor shall enter into an agreement under which the non-Federal sponsor shall carry out such work, and only work carried out following the execution of the agreement shall be eligible for credit.

(IV) LIMITATION.—Credit authorized under this clause for a project carried out under this paragraph—

- (aa) shall not exceed the non-Federal share of the cost of the project; and
- (bb) shall not exceed the actual and reasonable costs of the materials and services provided by the non-Federal sponsor, as determined by the Administrator.

(V) INCLUSION OF CERTAIN CONTRIBUTIONS.—In this subparagraph, the term “in-kind contribution” may include the costs of planning (including data collection), design, construction, and materials that are provided by the non-Federal sponsor for implementation of a project under this paragraph.

(iii) TREATMENT OF CREDIT BETWEEN PROJECTS.—Any credit provided under this subparagraph towards the non-Federal share of the cost of a project carried out under this paragraph may be applied towards the non-Federal share of the cost of any other project carried out under this paragraph by the same non-Federal sponsor for a site within the same area of concern.

(iv) NON-FEDERAL SHARE.—The non-Federal share of the cost of a project carried out under this paragraph—

(I) may include monies paid pursuant to, or the value of any in-kind contribution performed under, an administrative order on consent or judicial consent decree; but

(II) may not include any funds paid pursuant to, or the value of any in-kind contribution performed under, a unilateral administrative order or court order.

(v) OPERATION AND MAINTENANCE.—The non-Federal share of the cost of the operation and maintenance of a project carried out under this paragraph shall be 100 percent.

(F) SITE CHARACTERIZATION.—

(i) IN GENERAL.—The Administrator, in consultation with any affected State or unit of local government, shall carry out at Federal expense the site characterization of a project under this paragraph for the remediation of contaminated sediment.

(ii) LIMITATION.—For purposes of clause (i), the Administrator may carry out one site assessment per discrete site within a project at Federal expense.

(G) COORDINATION.—In carrying out projects under this paragraph, the Administrator shall coordinate with the Secretary of the Army, and with the Governors of States in which the projects are located, to ensure that Federal and State assistance for remediation in areas of concern is used as efficiently as practicable.

(H) AUTHORIZATION OF APPROPRIATIONS.—

(i) IN GENERAL.—In addition to other amounts authorized under this section, there is authorized to be appropriated to carry out this paragraph \$50,000,000 for each of fiscal years 2004 through 2010.

(ii) AVAILABILITY.—Funds made available under clause (i) shall remain available until expended.

(iii) ALLOCATION OF FUNDS.—Not more than 20 percent of the funds appropriated pursuant to clause (i) for a fiscal year may be used to carry out subparagraph (F).

(12) PUBLIC INFORMATION PROGRAM.—

(A) IN GENERAL.—The Administrator, acting through the Program Office and in coordination with States, Indian tribes, local governments, and other entities, may carry out a public information program to provide information relating to the remediation of contaminated sediment to the public in areas of concern that are located wholly or partially in the United States.

(B) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this paragraph \$1,000,000 for each of fiscal years 2004 through 2010.

(d) GREAT LAKES RESEARCH.—

(1) ESTABLISHMENT OF RESEARCH OFFICE.—There is established within the National Oceanic and Atmospheric Administration the Great Lakes Research Office.

(2) IDENTIFICATION OF ISSUES.—The Research Office shall identify issues relating to the Great Lakes resources on which research is needed. The Research Office shall submit a report to Congress on such issues before the end of each fiscal year which shall identify any changes in the Great Lakes system with respect to such issues.

(3) INVENTORY.—The Research Office shall identify and inventory, Federal, State, university, and tribal environmental research programs (and, to the extent feasible, those of private organizations and other nations) relating to the Great Lakes system, and shall update that inventory every four years.

(4) RESEARCH EXCHANGE.—The Research Office shall establish a Great Lakes research exchange for the purpose of facilitating the rapid identification, acquisition, retrieval, dissemination, and use of information concerning research projects which are ongoing or completed and which affect the Great Lakes System.

(5) RESEARCH PROGRAM.—The Research Office shall develop, in cooperation with the Coordination Office, a comprehensive environmental research program and data base for the Great Lakes system. The data base shall include, but not be limited to, data relating to water quality, fisheries, and biota.

(6) MONITORING.—The Research Office shall conduct, through the Great Lakes Environmental Research Laboratory, the National Sea Grant College program, other Federal laboratories, and the private sector, appropriate research and monitoring activities which address priority issues and current needs relating to the Great Lakes.

(7) LOCATION.—The Research Office shall be located in a Great Lakes State.

(e) RESEARCH AND MANAGEMENT COORDINATION.—

(1) JOINT PLAN.—Before October 1 of each year, the Program Office and the Research Office shall prepare a joint research plan for the fiscal year which begins in the following calendar year.

(2) CONTENTS OF PLAN.—Each plan prepared under paragraph (1) shall—

(A) identify all proposed research dedicated to activities conducted under the Great Lakes Water Quality Agreement of 1978;

(B) include the Agency's assessment of priorities for research needed to fulfill the terms of such Agreement; and

(C) identify all proposed research that may be used to develop a comprehensive environmental data base for the Great Lakes System and establish priorities for development of such data base.

(3) HEALTH RESEARCH REPORT.—(A) Not later than September 30, 1994, the Program Office, in consultation with the Research Office, the Agency for Toxic Substances and Disease Registry, and Great Lakes States shall submit to the Congress a report assessing the adverse effects of water pollutants in the Great Lakes System on the health of persons in Great Lakes States and the health of fish, shellfish, and wildlife in the Great Lakes System. In conducting research in support of this report, the Administrator may, where appropriate, provide for research to be conducted under cooperative agreements with Great Lakes States.

(B) There is authorized to be appropriated to the Administrator to carry out this section not to exceed \$3,000,000 for each of fiscal years 1992, 1993, and 1994.

(f) INTERAGENCY COOPERATION.—The head of each department, agency, or other instrumentality of the Federal Government which is engaged in, is concerned with, or has authority over programs relating to research, monitoring, and planning to maintain, enhance, preserve, or rehabilitate the environmental quality and natural resources of the Great Lakes, including the Chief of Engineers of the Army, the Chief of the Soil Conservation Service, the Commandant of the Coast Guard, the Director of the Fish and Wildlife Service, and the Administrator of the National Oceanic and Atmospheric Administration, shall submit an annual report to the Administrator with respect to the activities of that agency or office affecting compliance with the Great Lakes Water Quality Agreement of 1978.

(g) RELATIONSHIP TO EXISTING FEDERAL AND STATE LAWS AND INTERNATIONAL TREATIES.—Nothing in this section shall be construed—

(1) to affect the jurisdiction, powers, or prerogatives of any department, agency, or officer of the Federal Government or of any State government, or of any tribe, nor any powers, jurisdiction, or prerogatives of any international body created by treaty with authority relating to the Great Lakes; or

(2) to affect any other Federal or State authority that is being used or may be used to facilitate the cleanup and protection of the Great Lakes.

(h) AUTHORIZATIONS OF GREAT LAKES APPROPRIATIONS.—There are authorized to be appropriated to the Administrator to carry out this section not to exceed—

(1) \$11,000,000 per fiscal year for the fiscal years 1987, 1988, 1989, and 1990, and \$25,000,000 for fiscal year 1991;

(2) such sums as are necessary for each of fiscal years 1992 through 2003; and

(3) \$25,000,000 for each of fiscal years 2004 through 2008.
